Focused Ministry Update

Operation Mobization Netherlands Art Outreach Aug.17 - 26, 2018

Our desire is to reach people; through art, the gospel and God's love. Our events will take place in and around the Marekerk, a seventeenth century church in the vibrant center of Leiden, a characteristic Dutch city. Leiden has a rich Christian history. Today many of its people, students, and other nationalities live in the shadow of this landmark with no connection to the living God.

Leiden also has a rich art heritage. Every year, an art route is organized along with art workshops. The local church has participated in the past through art exhibitions. In collaboration with the local church the 2018 outreach is designed to fit in well with the city's culture. During this outreach I will be exhibiting my artwork, holding painting demonstrations and workshops while local believers engage those gathered with the gospel.
