

The Jolleys

Serving the Spanish and English Speaking World
with Fellowship International

November 27, 2018

Dear Prayer Partners,

One of the reasons why Ken is involved with Simply Mobilizing (simplymobilizing.com) and particularly the Kairos course is to witness how God is using this tool to change the hearts of His people. Recently, Ken sponsored a reunion of Kairos course graduates who had taken the course in Spanish in Toronto. All of these participants are themselves Latin American immigrants to Canada. Here is a sampling of the testimonies that he heard that day.

- *"I hope that you will not judge me for this, but before taking the course I did not have much respect for muslim peoples. I felt that they could not be saved, and that they were dangerous to our world. But God has shown me how wrong I have been, and I am now learning to get to know them and love them and share Christ with them."*
- *"At my work, I am surrounded by people who come from all over the world. I didn't know how to relate to them, or even have any desire to do get to know them. But now, God has given me a desire to get to know the cultures of my workmates, and to share God with them."*
- A pastor shared: *"We are not a very big congregation, but I would really love that our church could connect with an unreached people. We are not sure who that will be yet, but we are praying and with our mission's committee have begun to consult some missionaries and agencies. Through alliances with others we hope to become involved in seeing an unreached people become reached."*
- *"I am studying right now, and the vast majority of my classmates are hindues. I didn't know how to relate to them. I now realize that God has a purpose for why I am studying with them. Kairos has helped me to have interest in their culture and I hope to be able to share Christ and His love with them. I do not know what will happen, but I sense that my relationship to my classmates is getting better."*
- Two of the course facilitators shared that they are now in the process of raising a support team to return to Bogotá, Colombia under OMS (One Mission Society) in order to strengthen the demonation of Confraternidad churches in becoming involved in global mission.
- One of the course graduates has returned to Chile, and she is now being trained as a course facilitator in order to get involved as Simply Mobilizing courses are currently being launched in Chile.

This is what it is all about. God is doing His thing in changing the hearts of His people so that they are on board with Him and are making Him known to the peoples of our world. Making disciples of all nations will not be completed by only sending out traditional missionaries. It will happen when all of God's people are involved in a multitude of ways in playing their role in the expansion of the kingdom of God. The Kairos course is a tool God is using to get His people doing this.

In addition to training facilitators for the Kairos course:

- On Monday evenings Ken is walking with three Venezuelan servants living in different countries to the nature of apocalyptic literature in the Bible. This has lead into a study of the theology of the Book of Revelation and its' contemporary application.
- On most Sundays, we can be found attending Markdale Baptist Church, where Ken has been preaching as this congregation is currently looking for a new pastor.
- As part of a team, Ken has been counselling individuals and victims of another congregation who are currently navigating a crisis as a result of sin in their midst. God is showing up with a lot of grace, and we

are praying that all involved will be protected from the destruction of the evil one, as we work towards healing and restoration.

- It is wonderful to see how quickly God has put together a support team for Fellowship International missionaries, Eric and Valerie Nielsen. We rejoice that they are now in Montreal, fully engaged in language and culture acquisition as they discover how God will use them in Quebec.
- Ken continues to mentor and coach a number of individuals locally and in many places around our globe. He has been receiving referrals, and through the internet has begun relationships with people with whom he has never physically met. Recently, two more Venezuelan families have moved, one in transition to Paraguay, the other to Chile, and they are struggling as they seek to adapt to culture, both in and outside of the church in their new locations. It is an honour to walk with them, and to facilitate what God is seeking to do in and through them in the midst of their respective transitions. In the process of seeking to survive, if you can see what God is doing and get on board with that, you can actually thrive.

In all of these things, we are so very grateful for your participation in what God is doing. Your prayers are part of this and we need grace and wisdom as God shows up in each and every relational encounter. Thank you.

Your ambassadors for the sake of the kingdom,

Ken & Mary Ann Jolley
